

Shilbottle Primary Newsletter

Week 4 – 27 September 2019

Beamish On Thursday, 26 September the WHOLE school travelled to County Durham for an exciting day exploring Beamish Museum. The sweet shop was a favourite along with the slightly gorier dentist house! Some pupils had a Victorian lesson and found that VERY different to school today ... the children who usually write with their left hand found it particularly challenging! Seeing and experiencing the mining area helped the children to understand that in years gone by Shilbottle was a pit village

STAR OF THE WEEK

RECEPTION: Zara C

YEAR 1: Serenna J

YEAR 2: Ivy-Mae P

YEAR 3: Maia R

YEAR 4: Jacob J

YEAR 5: -

YEAR 6: Jamie C

After School

from 9 Sept

Monday	Ceilidh Band	Y2 – Y6
Tuesday	Football Newcastle Football Foundation	Y4 – Y6
Wednesday	Normal Activities	WS
Thursday	Tennis/Badminton – Grant	R – Y6
Friday	Basketball	Y2 – Y6

A **HUGE** thank you to the P.T.A. for paying for yesterday's visit to Beamish and all the parents who have supported their events over the years. Also, thanks to all the volunteer parents who accompanied us as without their support it would not be possible to hold such events. As always our children did themselves, you and the school proud as their behaviour was impeccable. So much so they all receive the Headteacher award this week!

Unfortunately, it has been brought to our attention that some parents have had to listen to other adults using inappropriate language within the school grounds when waiting to collect children at the end of the day. May we remind you of the Governing Body Code of Conduct for Parents and emphasise this is not acceptable.

BEST PRESENTATION & HANDWRITING

RECEPTION: Amelia M

YEAR 1: Julian S

YEAR 2: Rhys C

YEAR 3: Jacob O

YEAR 4: Christopher B

YEAR 5: -

YEAR 6: Isobel B

HEAD TEACHER AWARD

The whole school for
their behaviour at Beamish ☺

ATTENDANCE WINNERS THIS WEEK

Fun, Respect & Friendship – Every child matters to us

Shilbottle Primary Newsletter

Although children of all ages often watch YouTube content directly via the website or main YouTube app, YouTube itself states that the only place children should be watching its videos is in the YouTube Kids app.

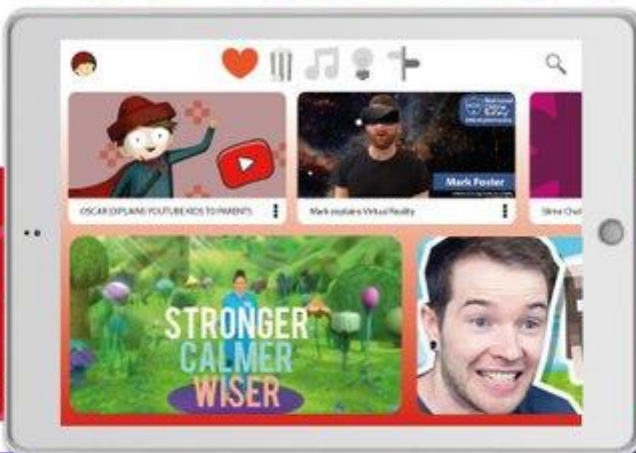

8 things parents need to know about YOUTUBE KIDS

1 SETTING UP

To set up the YouTube Kids app you need to do the following:

- 1 - Download the YouTube Kids app and connect your YouTube account.
- 2 - Specify your child's Name, Age and Birth Month.
- 3 - Select the types of videos to include in the app based on their age or select them yourself.
- 4 - If you choose to Approve Content yourself you will be presented with some sample videos to accept or reject. You can select collections, shows, music or learning.
- 5 - Once chosen you are ready to use the app.

2 USING THE APP

Based on how you have set it up your child can then use the app to explore a safe set of videos. It's worth noting that YouTube Kids uses algorithms to ensure safe videos rather than a personal check, so it's possible for videos to slip through. If an inappropriate video does appear you can select the menu in the top right to block and report it. This not only helps your child but also improves the YouTube Kids app as a whole.

3 ADVERTISEMENTS

It's worth remembering that even in YouTube Kids, children will still see adverts. These are marked as "Ad" and preceded by an ad intro. The types of advertisements and products are checked to follow YouTube's advertising policies which exclude things like food and beverages. However, there can be toys or other items included in videos directly by creators themselves to advertise them. You can remove adverts in YouTube Kids, like the main YouTube, by subscribing to YouTube Premium. This also has the added benefit that you can download videos for offline viewing, you can also watch videos in the background while using other apps. This can be really useful if you have a long journey to take children on.

As with television adverts or bus stop posters, it's a good idea to talk to children about how adverts work and help them to recognise them. In my family, I remember pointing out the grinning children, added sound and light effects and exciting narration in TV ads. It's important to do this for other forms of advertising as well. It's important to understand how YouTube Kids collects information about your child's viewing and how this relates to advertising and video content. When they watch a video, the device, language, which videos they watch and searches they make are recorded. This is used to help suggest personalised content. It can also be used to serve contextual advertising, although the app does not allow interest-based advertising or remarketing.

4 SELECTING GREAT CONTENT

One of the best features on YouTube Kids is the ability to select channels, videos or collections of videos for your child to enjoy. This is a great opportunity to sit with your child and better understand what they want to watch. Are there particular topics or themes that resonate? Then you can check through different options in this area, and together with them choose the best matching channels.

The YouTube Kids app also enables you to disable the Search feature to avoid young children stumbling upon content designed for older viewers. The app also avoids videos from inappropriate channels being suggested to watch next. If you have selected content for your child only those will come up. If you have set an age limit, only videos deemed appropriate for that age will be suggested.

5 VIEWING TIME

There are a number of ways you can administer how long a child can watch YouTube videos in a day. In the YouTube Kids app, you can set a timer before handing your child the smartphone or tablet. Once the time has run out the video will be paused.

You can also set limits on iPhones and iPads in the Screen Time section of the Settings. This not only enables you to see how long they play but specify how and when they can do this. You can apply similar limits on Android devices via the Family Link app settings. Other systems like the "Circle" system or features built into your Internet Router enable you to set limits across multiple devices which can be useful as children will often cruise to another smartphone, tablet or smart TV once their time has run out on their device.

As well as helping younger children not watch longer than is healthy, this is a great tool for discussion with older kids. Discuss together how long is appropriate to watch in a day and then agree on the limits. This ensures they see them as helpful rather than being policed.

6 RESTRICTIONS

As well as using the YouTube Kids app, you can also set up restrictions on other ways your family watches YouTube. Ensure you are logged in when using YouTube and turn on Restricted Mode in your User Profile. You can also set this at the bottom of the video page by clicking Restricted Mode On. Ensure that you also click the Lock Restricted Mode on this browser to ensure so that other users can't turn it off.

7 WATCHING TOGETHER

Another good way to keep YouTube viewing positive is to spend time finding channels, and content that your child will enjoy and benefit from. In my family, we each get together once a month and show each other our favourite videos from the last four weeks. This not only sparks conversations about what we've watched but enables us to share the things we've enjoyed watching.

8 RECOMMENDATIONS

For younger children, you can use the YouTube Kids app to keep tabs on what they have been watching. Tap on the Recommended icon on the top of the home screen and then swipe right. You will see videos with the play button on them and a red bar at the bottom. These are the videos your child has watched. Anywhere the bar at the bottom is mostly black is a video your child has skipped.

Meet our expert

Andy Robertson is a parent of three children and journalist who writes for national newspapers and broadcast television. His Taming Gaming book helps parents guide children to healthy play.
