Well done to the Yellow team, our overall winners

We've had lots of fab activities on this week – even the weather hasn't stopped us! All the pupils were superb and gave every challenge a try ☺ The visiting instructors were very complimentary:

"Please pass our compliments to your children on their attitude and behaviour, both of which were impeccable. They were a pleasure to teach and were

E-Safety: Social networking sites ...

Such as **Facebook**, **Twitter**, **Instagram** and **Snapchat** are very popular with young people, even those who are of primary age.

These types of sites allow young people to be creative online and keep in touch with their friends, as well as sharing photos and videos. On some social networks, young people can follow their favourite celebrity which means they can access the content they update and share. However, for parents and carers it's important to have a look at these services, or have a go, in order to familiarise yourself with social networking sites. Most sites stipulate a minimum user age of 13, although some interactive sites are designed specifically for younger children.
